

Capability Statement

EHR and ERP Modernization for Federal, State, Local, Tribal, and Rural Agencies

Overview

S&P Consultants is a Veteran-Owned Small Business (VOSB) that helps federal, state, local, tribal, and rural healthcare organizations navigate complex technology change. We bring deep healthcare expertise and large-scale transformation experience to the work that matters most, helping clients move critical initiatives forward with clarity, practical leadership, and a focus on lasting results.

Our size gives us the agility to adapt, make thoughtful decisions, and act on strong ideas, while our experience enables us to take on complex, high-impact challenges. Everything we do is grounded in integrity, exceptional customer value, and transparent communication.

Differentiators

- More than 30 years of **Oracle Health/Cerner experience** supporting government and commercial healthcare organizations across the full lifecycle of EHR implementation, optimization, and sustainment
- Award-winning **implementation framework** built to reduce risk through structured decision-making, accountability, and measurable outcomes
- Industry-leading **Oracle Health** and **Infor ERP** expertise
- Uniquely positioned as a VOSB partner on the world's three **largest EHR modernizations**: the Defense Health Agency, the U.S. Department of Veterans Affairs, and the Indian Health Service

Core Competencies
